### A Measure of A Man

The measure of a man is not determined  
By his show of outward strength  
Or the volume of his voice  
Or the thunder of his actions  
Or of his intellect or academic abilities

It is seen rather in terms of the love that he has  
For his family and for everyone  
The strength of his commitments  
The genuineness of his friendships  
The sincerity of his purpose  
The quiet courage of his convictions

The fun, laughter,  
joy and happiness he gives to his  
family and to others

His love of life  
His patience and his honesty  
And his contentment with what he has
